OBJECTIVE

To broaden my technical and career horizons through a Summer 2022 internship or Fall 2022 Co-op while driving value to the company through creative and efficient software solutions.

EXPERIENCE

IQM Corporation, New York, NY (Remote)

June 2021 - August 2021

JavaScript Intern

- Built app from scratch using the JavaScript framework; React.
- Researched and taught myself about unfamiliar technologies and frameworks.
- Successfully incorporated the company's services into a Shopify app.
- Gave presentation on my work to upper administration.
- Communicated with coworkers, supervisor, and debugging team daily.

Endicott College, Beverly, MA

December 2020 - Present

Peer Tutor & Front Desk Worker

- Aided fellow students to help understand topics within Computer Science courses.
- Maintained office hours to provide flexibility.

OTHER EMPLOYMENT

Shaw's Supermarket, Easton, MA

September 2017 - August 2019

Grocery Clerk

- Promoted items through re-supplying shelves and displays.
- Trained new employees on the work process within the grocery department.
- Organized and placed orders for special deliveries.

EDUCATION
